Nevada City Nugget

VOLUME III, NUMBER 11 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER JANUARY 28, 1929

PUBLICITY THE SUNNYSIDE GETS DISTRIBUTION

The exclusive story carried in The Nugget in its issue of December 31st regarding the entry of the Sunnyside Consolidated into the local mining field has created a widespread interest that is fast becoming countrywide and foretells important developments during the coming year. Every mail brings requests for copies of back issues carrying stories on the German Bar property and it has been necessary to run two extra editions of the paper already to supply the demand for copies carrying the Sunnyside story.

The widespread confidence in the operations of the Sunnyside and its far flung list of stockholders indicates that its future developments in this county will be watched with avidity and the columns of The Nugget are sure to be read with increasing interest this year.

Operations at the German Bar should make possible the extension of the power transmission line from Alleghany into the Gaston Ridge country which would open a large mining district to intensive development and which has been held back largely due to lack of adequate and lowpriced power facilities. The diversion of the water supply of the upper reaches of the Yuba river has removed water from being being considered available as a source of power supply to any extent. If the power company will seriously consider the extension of its Alleghany line to the south east it will open up the field to large activities.

It is expected that electric power will be installed at the German Bar early this spring as the right of way from the Irelan mine has already been cleared and the poles have been spotted. Gas power is at present being used to run the compressor for the machine drills in the development work and will be utilized until the electric equipment is ready to function.

The Twin Sister adjoining the German Bar is contemplating electric power to handle its operations which have been curtailed during the recent cold snap and interfering with its water supply. With the Ancho but a couple of miles away a power line would not be a serious problem to handle. The heavily mineralized belt extending from Alleghany through to Washington is in need of adequate power reasonably priced.

SUBSCRIPTIONS COME IN FROM WIDE POINTS

As evidence of the countrywide interest being taken in the mining news of this section being printed weekly by The Nugget, as seen in two new subscriptions reaching this office Saturday from two widely scattered points. One came from Washington, D. C., and in the following mail was one from Danbury, Connecticut.

The important part is that news from our mining camp will be widely read this year and tend to focus interest as could be done in no other way. We need more pages in our paper and that is made possible by increased advertising patronage. Our merchants will do well to bear this in mind and get solidly behind their home town paper that is working to get gold mining on a solid foundation again.

LOCAL BASKETBALLERS LOSE CLOSE CONTESTS

Nevada City's three high school basketball teams met defeat in their hoop contests at Auburn Saturday night. The unlimited score was 24 to 18, the B team, 15 to 7 and the C team, 17 to 10. The placerites are among the strongest in this part of the state and the locals feel they made a creditable showing.

A Pickwick stage was chartered to make the trip.

WESTERN MERGER HAS $2978 PRODUCTION

December production at the Western Merger totalled $2978 with the mill running one shift. Values of ore milled averaged $12.50 per ton. Ore for the mill is coming from the A vein on the 400 level and from stopes above that level.

Drifting east on the 400 level is disclosing good ore and with expected reaching of a contact gives promise of large ore bodies. A crosscut is being run west of the shaft to cut the Jackson vein which is in virgin territory. Superintendent Harry B. Skewes reports encouraging prospects.

WANTS ACCURATE NEWS SUBSCRIBES FOR NUGGET

Mr. Arthur A. Willoughby,
Dear Sir:

Enclosed you will find remittance for which please send me your paper, The Nugget. I have invested in a gold mine there and am subscribing for your paper to get real and accurate news of how things are going along in your district.

H. E. Cookson.

LIST YOUR MINING PROPERTY AT NUGGET

With the large number of calls coming in to this office for available mining properties to open up, it is essential that all mine owners who wish to see their properties possibly put to work should list the same with this office as soon as possible. Listing blanks giving all needed information will be furnished without charge. Ther ewill be no charges of any kind made for this listing service as we are not in the brokerage or agency business. We want to see more mines at work and if we can help in the matter we are only too happy to do so.

Also we will only be able to give out such information as we have at hand on any property to inquirers. Full statistics of the state mining bureau and government information are kept on file here at all times but there are many items of niterest which these reports do not give Mine owners can help their own game by working closely with this office.

NORTH SAN JUAN JOTS

NORTH SAN JUAN, January 25—What might have developed into a destructive fire Friday morning was checked through the timely discovery by George McCullough of smoke issuing from the Lackland house on the highway occupied by Mrs. A. A. Willoughby and two children while she is teaching. A youngster lighting a match had accidentally set fire to a mattres. The room being closed, the mattraess only smouldered until discovered but when the door was opened a huge billow of smoke poured out. With the removal of the mattress to the snow the fire menace was removed.

The dance given by the Water Users Asosciation did not prove a financial success owing to the bad weather but those attending report a splendid time. Another dance is to be given soon at French Corral.

Travel has not been heavy through here of late owing to the slippery condition of the highway in spots.

The snow on the hillisdes has been attracting quite a bit of coasting on the part of the youngsters the past week.

BEEDLES VISIT HERE

Mr. and Mrs. F. C. Bedle were here from Reno today renewing old acquaintances and were warmly greeted as they always are. Both Mr. and Mrs. Beedle are nativeNevada Citians and are happy to return occasionally. Mr. Bedle well remembers when president elct Herbert Hoover was working here. Mrs. Beedle's mother was a resident of Nevada City for seventy years.

Mr. Beedle followed the mining game for a number of years but is now with the Reno Motor Supply Company.

The Beedles are interested readers of The Nugget.

THE RIDGE IS CALLING YOU

A message to former residents of the San Juan Ridge

She calls with all the dear remembered voices
Of mother, father ,sister, brother, friend,
She calls to those who long since knew and loved her
And having known her, love her to the end.
Upon her sunlit hills the tll trees whisper,
In quiet little vales the wild flowers blow,
Within its rockbound bed the Yuba murmurs
Of pride and joy that vanished long ago.

Fond memories of lifes' resplendent springtime
Are linked with every fragrant hill and down,
But now at night the brooding shadows linger
Like ghosts about each little shattered town.
The roaring mines are desolate and silent,
And in old withered gardens wet with dew,
The trees and shrubs your own fond mother planted,
Strive patiently their verdure to renew.

The Ridge of old gave freely of her riches—
Her stately cedars, fragrant firs, and towering pines,
The strength of all her seaward flowing rivers,
The golden treasure of her noisy mines;
Then sorrow claimed her, but wit hfaith undaunted
She prays for future days of joy and pride,
And so with all the dear remembered voices
She calls her andering children to her side.

DOG DERBY BOOSTERS VISIT IN NEVADA CITY

Manley Harris of San Francicso, president of the Truckee Dog Derby which will be held the end of next week, accompanied by Soctty Allen, was a Nevada City visitor last week in the interest of the coming Derby which is attracting widespread attention over the state. They appeared before a largely attended meeting of the Lions Club at the National Hotel and spoke at length on the coming event.

Allen is one of the noted mushers of the Alaskan northland and his presence created no little interest. With a special train service being arranged for the Narrow Guage a week from next Sunday for the sports, there will doubtles be a large throng attend from here. The dates of the Derby are February 1..0, 11, and 12.

Some pictures of Aallen and other mushers will be found on another page of this issue.

CHARLES DOW IS SUED GRASS VALLEY PROPERTY

Charles Dow, mine promoter, and his wife, Beryl Ayer Dow of Sacramento are being sued in superior court by Harld Conkling, son of Charles Conkling, who is reputed to have advanced $2,000 to the Dows several years ago to prevent foreclosure of a breach of a deed of trust on property in Grass Valley. The Dows are said to have agreed to execute a mortgage in favor of plaintiff which he alleges has not been done.

Conkling is said to have advanced large sums of money to Dow in his stock selling for the Western Mines Consolidated and is a resident of Nebraska.

W. E. Wright appears as attorney for Conkling.

WELCH TRIAL BEGINS IN COURT ON TOMORROW

The trial of Jack Welch who is charged with alleged attempt to carve up a Grass Valley resident, is to have his case heard in superior court tomorrow morning. District Attorney W. E. Wright will conduct the prosecution. Welch is said to have a previous record.

Mr. and Mrs. George Calanan left Thursday for San Francisco to visit his sisters, Miss Adele Calanan and Mrs. Simon C. Hieronimous, who were injured in an auto accident.

Mrs. Mamie Parsons underwent a serieus operation at a Woodland hospital. She is doing as well as can be expected and her many friends hope for her a speedy recovery.

STRIKE OF GOOD ORE GIVES RISE TO RUMORS

Rumors were prevalent the past few days that excellent ore had been opened up in a local property and had been showing good values on the plates. Information confirming the rumors was not vouchsafed this paper. The strike was made while exploring some of the lower levels of the property and is said to give promise of still more important discoveries.

JIM STEWART PAYS VISIT NEVADA CITY

James D. Stewart, energetic booster for placer mining particularly by the hydraulic process, was a Nevada City visitor Saturday and a caller at The Nugget office. He is all wrapped up in seeing the bill introduced by Assemblyman J. L. Seawell in behalf of placer mining make the grade in the state legislature this time and said, "It is fortunate that Nevada County has such a stalwart defender in Mr. Seawell. It is a decided contrast to the former representation in the assembly, from this district."

SACRAMENTO CHAMBER LIKES MINING NEWS

The following letter from R. L. Kimmel, manager of the mining department of the Sacramento Chamber of Commerce, is self explanatory:

"I have noted in a couple of your recent issues some favorable mention of the mining work of the Sacramento Chamber of Commerce and I want you to know that this is greatly appreciated. However, I think that The Nevdaa City Nugget is entitled to greater credit than we are in disseminating mining news because without your paper we would have a mighty hard time filling out our weekly sheet. Publicity is our most valuable tool in bringing about a revival of mining interest."

NIGHT IN DREAMLAND PROVE FINE SHOW

A Night in Dreamland staged by local talent under the capable direction of Jay Wellington of Hollywood at the Nevada Theatre on Thursday night proved one of the finest performances of its kind seen in many years here. It was given its premiere in Grass Valley the previous evening and due to its welcome reception will be repeated at the Strand Theatre this evening at the price of 75c no reserved seats.

The song numbers of Mesdames Ruth Rector, Gove C. Celio and Lyda Talbot were enthusiastically received and with the beautiful stage settings gave a scene that would have done credit to professional staging and acting. Both nights drew crowded houses and the Episcopal parishes of Trinity and Emmanuel were financially benefitted by sevral hundred dollars as a result.

MRS. DELIA MCCAULEY HAS CROSSED BEYOND

Mrs. Delia E. McCauley who had been ill for some months, passed to her eternal reward last Tuesday.

The members of her devoted family ministered to her every want in her last moments. A requiem mass was celebrated in St. Canice's church Thursday morning for the repose of her soul.

Miss Delia Carey was born at Badger Hill and spent her early years on the Ridge, later moving to Nevada City to make her home.

Surviving members of the family are a son, Ray, living in Oregon; three sisters, Mrs. C. F. Scheemer of Nevada City, Mrs. R. J. Peterson of Sacramento, Mrs. M. P. Riley of San Francisco ,and a brother Edward Carey of Washington.

L. M. Dennison of Alameda attended to business affairs here during the week .

IDAHO MINE TO HAVE INCREASE MILL FACILITIES

Announced plans of the Idaho Maryland for the coming year are the adding of 20 stamps to the present mill of the same number and further increasing the capacity of the mill with ball mills for fine grinding. This with the opening up of the excellent ore shoot on the 1900 level in virgin ground gives promise of the Idaho reaching somewhat of its former status when it paid seven million in dividends on a production of twenty million.

General Manager Errol McBoyle has recently returned from a trip east where he went to interest additional capital in opening up the property on a large scale. The plans of the company to utilize the Brunswick shaft in more expeditious handling of the ore will require large capital to see its completion. Things look promising for early consummation of these plans.

The foot of the headframe at the Idaho shaft gave considerable trouble in years past was rebuilt the past summer, the shaft collar concreted and the shaft timbering repaired where necessary. This gvies an excellent working shaft to the 2000 level for present operations but with the cutting over to the Brunswick shaft will make for much greater efficiency in the handling of the ore from the lower levels which at present requires long underground haulage.

The ore shoot on the 1900 has already been opened up for a distance of 700 feet on the strike and shows a width of from three to eight of ribbon quartz highly cineralized and of the character of ore that has milled high in value in this district. It contains galena and chalcopyrite. An excellent picture of the character of the ore has been on display for some time in The Nugget window and has attracted a great deal of attention. There is considerable jewelry rock at intervals in the shoot.

ASSEMBLYMAN SEAWELL WILL ADDRESS THE LIONS

In order that they may be fully posted on matters of pending legislation affecting this district, the Nevada City Lions Club has extended an invitation to Assemblyman Jerrold L. Seawell to appear on Tuesday evening of next week to speak on legislative matters. The inviation which was given through Horace A. Curnow who is to be chairman on that occasion and has been accepted by Mr. Seawell. "Jerry" has been much in demand before the service clubs in Placer county during the legislative recess and many complimentary remarks have been made of the way he has treated his subject.

WILLIAM JONES HAS CROSSED THE DIVIDE

William G. Jones who had been ill at his cabin on Washington Hill was being brought to the hospital Friday but passed away on the trip. He had followed the mining profession for a number of years. He was a native of this section and leaves a sister Mrs. Mary Meyers.

Mr. and Mrs. L. Holtzman and sons, Billy and Bob, motored up with Rutherford Stevens and spent Sunday with the latter's parents. Mr. Holtzmna is proprietor of the Allee Drug Store and Mr. Stevens is in h iesmploy.

Ed Higgins of Graniteville was a visitor in Nevada City Wednesday. He had been spending some time at Rio Linda but the fog was too much for him.

Mr. and Mrs. M. P. Riley returned to their home in San Francisco. They were called here on account of the illness and subsequent death of her sister, Mrs. Delia McCauley.

Mr. and Mrs. Garfield Robinson motored up from their ranch in Yuba county and visited here Friday with relatives.

Fred Joubert of Camptonville was a business visitor here Friday.

THOSE ROUGH AND READY NAMES

That there may be kept alive the picturesque names of the mining camps of the "Roaring Fifties," the research department of the State Library has been compiling the list.

While it has been found that some few of the camps have held on, even to find new prosperity, a great number have disappeared. Angels Camp is a thriving city; Hangtown has become Placerville. In Rough and Ready, several families reside and in Timbuctoo, but one house is occupied. There are many ghost towns, and many near-ghost towns and some which have been swallowed in the brush or decay. It was found, even, that the names of many had been forgotten by most of the people nearby. One may read something of the times in those names, and it is fortunate the State Library has made the compilation while there is yet time. Here is the list, and if you know of any omissions The Nugget will be glad to hear from you:

American Hollow, Americano.

Barefoot Diggins, Biofogle Flats, Bloomer Hill, Blue Belly Ravine, Bob Ridley Flat, Bogus Thunder, Brandy Flat, Brandy Gulch.

Centipede Hollow, Chicken Thief Flat, Chip's Flat Chivarly Hill, Christian Flat, Chucklehead Diggins, Churntown, City of '76, Course Gold Gulch, Coon Hollow, Coyote Ravine, Cut Eve.

MINING PERSONALS

TUOLUMNE COUNTY

The property of the Springfield Tunnel and Development Company has been sold at sheriff's sale to Mrs. Minnie G. Brown, already part owner. She has now sold the property to William F. King for a reputed consideration of $14,178.03.

A lease has been taken on the Hudson and Calhoun mines at Saw Mill Gulch by Peyton Moore and Chris Eurich. They have commenced unwatering the two properties.

Some rich ore is reported uncovered in a prospect near the old town of Soulbyville. While deepening an old shaft a ledge some inches in width was uncovered. It is thought to be the Soulsby vein.

CALAVERAS COUNTY

Fletcher Hamilton, former state mineralogist has been appointed consulting engineer for the Royal Development Company operating the Royal Mine at Hodson and the Tulloch property. Some good ore is reported on the 700 level at the Hodson on both the foot and hanging wall sides of the vein. It is thought that the exposed ore is near contact with the Goodenough vein.

The surface equipment at the Lightner mine at Angels Camp is being removed to the property of the Mother Lode Gold Mines Company near Mokelumne Hill. This company has acquired the Mooser, Emerson and Lamphin propreties. Louis Blackma nis president of the company.

The Alta mine near Pine Grove is being reopened after being idle for the past 45 years. Equipment has been brought from the Yankee Jim mine near Redding. The Alta was only worked to the 400 level and is said to have been a good producer.

The Tulloch mine between Angels and Carson Hill which has been taken over by the Royal Development Company is sadi to have had a past production of around a million dollars down to the 200 level. T. T. Lane, who operated the South Fork near Forest sank the shaft to 800 feet several year ago.

SISKIYOU COUNTY

A crew of 20 men is employed at the Black Bear property erecting buildings and opening up the old tunnels and drifts preparatory to large development work.

It is reported that the King Solomon mine on the South Fork of the Salmon is to be reopened after being closed down for some years. A crew of men is cleaning up the property.

H. J. Barton of Yreka has taken over the Hidden Treasure group of claims adjoining the Brown Bear mine, from Fred Martin. The famous Eliza mine is also in the same locality.

The Golden Eagle and New York mines are reported bonded to eastern interests. These properties are on Indian Creek near Fort Jones.

BUTTE COUNTY

A contract to develop the W. H. King properties south of Pulga has been let to Contractor J. A. Levensaler, of San Francisco. The Western Pacific has agred to build a spur track to the property and it is planned to begin with an output of 3000 tons per month. Work will start at once on bunkers, compressor houses and mine biuldings around the bay.

MARIPOSA COUNTY

A five stamp mill erected on the Mariposa Extension property completed an initial run of fifty tons recently with a recovery on the plates of $20 per ton. About 2500 fet of drifts have been run the vein opened up for a distance of 450 feet. P. V. Rovnianek has been operating the property for the past three years. It is located on the Fremont Grant between Mariposa and Mt. Bullion.

W. J. Sanford of the Wolf district was a business visitor here Friday.

PLACER COUNTY

The old Conrad mine on Duncan Hill, between Auburn and Newcastle has been reopened by the owner, William Walsh. It is stated 65 pounds of rock produced $254. in gold. Ira Thorp is in charge of the work.

Mr. and Mrs. Charles Reed are on a short vacation trip. They are in San Francisco and will go by boat to Portland, Oregon, before returning home.

Makes Life Sweeter

Too much to eat—too rich a diet—or too much smoking. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalinize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians,—but they always say *Phillips*. Don't buy something else and expect the same results!

PHILLIPS Milk of Magnesia

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle. ●

In Five MILLION HOMES TONIGHT

There are times when all a mother's love can't soothe a fretful baby. No way of telling just what's wrong, yet something must be done. Castoria time! A few drops, and Baby has dropped off to sleep. Yet this marvelous means of quieting a restless infant is utterly harmless. There is not one ingredient but what all doctors know and approve, and would let you give your baby every day in the week. In fact Castoria is *a purely vegetable product*. Gas pains, constipation, even diarrhea can be dispelled in this same manner. Castoria is older than you are, but physicians still say "nothing better for babies." An old-fashioned remedy if you count its years, but parents are old-fashioned who still raise babies without its aid! And at least five million modern mothers keep it handy day and night, for twenty-five million bottles were bought last year! Buy yours now; don't wait until you need it.

SIERRA COUNTY MINING

(The Messenger)

Assemblyman Seawell of Nevada and Placer counties has introduced a bill in our legislature to make possible the resumption of hydraulic mining behind dams to hold debris on the Yuba, American and other rivers draining into the Sacramento river. This is the same as the Cloudman bill which failed to pass by one vote two years ago. If this becomes law hydraulic mining will take on new life.

Mr. and Mrs. A. D. Frumento were outgoing passengers on Wednesday's auto stage. Mr. Frumento is in charge of the work at the Besler property in Downieville, where an incline shaft is being sunk to hit the ledge at depth. As this work will take several months Mr. Frumento has left it in charge of Ernest Eldridge while he is traveling in different places in the interest of the Mutual Securties Co. of Oakland.

Mrs. H. H. Buckner went to Boise, Idaho, to be with her daughter-in-law and accompanied the body of her son,a to San Francisco where he was buried in the Pesidio with military honors.

MONEY DOES TALK BUT TOO OFTEN IT SAYS GOODBYE

The ol saying, "Money Talks," is still as true as the day it was first spoken. It meant that whenever there was something important to be done that money was necessary to carry it thru to completion· It meant also that day dreams may have their place in the scheme of life, but to make day dreams come true one must have a back-log of money somewhere to fall back up on when it is needed.

A savings account has helped more people become successful than any one other agency. A person is so helpless when opportunity comes if he is unable to command the amount of money to carry out the plans that are presented. Hardly any enterprise in the world can be made successful without some money. A savings acocunt is an excellent way to accumulate, funds, really the only steady way. The time to start an account is while you are thinking about it.

THE NUGGET INDOOR SPORT COLUMN

CELIOS LAND THE FIRST PLACE BOWLING HONORS

The Celio pin spillers romped into first place in the Elks tournament the past week by rounding up four points from the Goynes who were not able to make proper con- the Richards are in second place. The Kopps by splitting points with the Richards are ni second place. The Nickless crew by taking three points from the Scheemers are in a tie with them for third place. The Richards are in fourth and the Goynes are in the cellar berth with one game won and one point.

The bowling was but mediocre the past week, there being no 200 games rolled and but four games of 180 or better were chalked up. Hegarty brought the family average to 153 by some fancy work in his first game and would have romped into first place if he could have kept up the pace. Pierce who will continue among the topnotchers if he maintanis his early form, slumped off a pin in his average but remains in second place, while Hegarty is in third. Captain Celio brought his batting average up nicely by some good work Wednesday night. Otners who fattened their averages during the week were Nickless, Breese, Lobdell, Penrsoe, Jackson, Hoge and Willoughby.

Captain Nickless staged some fancy work Tuesday night with two fine games. He started off with a turkey in the opening of the third game and was headed for the prize game of the week but could not hold the pace. He rounded off a 187 however and carried his team through to victory. His was the only triple of the week. Doubles were made by Lobdell with two, Breese Celio, Tamblyn, Hogan, Mobley, Leiter, Hoge and Willoughby, the latter annexing four.

The young bowlers seem to be practicing more on their starting form and correct delivery of the ball which promises to bring up the scoring in future games. There is not so much of the wild swinging and using up the entire alley to get the ball down to the pins. There is but one correct place to start the ball and with proper control, good scores can be made by any bowler. Bowling is probably the most fascinating indoor sport practiced and in the large cities the alleys are thronged throughout the winter.

The scoring of the strikes and spares announced for these columns has been creating a lot of interest among the bowlers. Tamblyn is in first place with the spares with 26 while Pierce and Lobdell closely follow with 25 and 24. Nickless has 23 of the second shotters and Curnow and Penrose are tied with 22 each. In the strike coulmn Hegarty is out in front with 18, Jackson 17, Leiter 15, Pierce 14 and Breese 13. The best all around work is shown by the two Hegartys with 18 strikes and 20 spares. These are all for six games. Those who have only rolled one series of the two will be handicapped in getting under way in the strike and spare column which shows the best results with perfect attendance.

Maybe those coluble pacifists, who think we don't need any warships, believe that in case of trouble they will be able to talk the enemy to death.

Things are not always what they seem. A lawyers b'rief—f'rinstance. "Say Pat, I've been sitting here for an hour and this vanishing cream hasn't moved yet".

The U. S. A. is only a few minutes wide

THE Bell System is ever busy reducing the width of America and the distance between cities. For example, in the last five years 350 major improvements, as well as thousands of others whose aggregate importance mounts high, have been made in telephone central office equipment.

Improved operating practices have eliminated the necessity of your "hanging up" and being called back in 95 per cent of toll and long distance calls, adding new speed and ease to out of town calling. You hold the wire and the operator does the rest.

Since New Year's Day, 1927, the average time for completing all out of town calls has been cut 35 per cent and at the same time the per cent of error has been further materially reduced.

There is no standing still in the Bell System. Better and better telephone service at the lowest cost is the goal. Present improvements constantly going into effect are but the foundation for the future's greater service.

FAMOUS DRIVERS IN SIERRA DOG DERBY

At top, left to right: Tud Kent, winner of Ashton, Idaho, dog derby, with some of his trophies; Scotty Allan, three times winner Alaska sweepstakes, with two of his malemutes; Dewain Kent of Ashton, Idaho, with his lead dog "Nigger." In oval: Fay Delezene, winner of 1913 Alaska Sweepstakes, with his famous dog "Scotty." Below: Scotty Allan gives two fair passengers a ride in his dog sled at Tahoe Tavern.

TRUCKEE, Calif.—Participated in by famous dog team drivers from Alaska, Canada and the United States, the 90-mile Sierra Dog Derby to be staged between this city and Tahoe Tavern February 10, 11 and 12 is expected to draw more than 20,000 visitors to Truckee

A purse of $6000 and valuable trophies will be awarded to the winners of the colorful race, according to Manley Harris, prominent California sportsman and president of the Sierra Dog Derby association.

Tud Kent, eight times winner of the American Dog Derby at Ashton, Idaho; Scotty Allan, three times winner of the famous Alaskan sweepstakes; Dewain Kent of Ashton, Idaho; Jimmie Fritz of Donner Lake, Calif.; "Whistling Lyd" Hutchinson, well known girl dog team driver; and Fay Delezene, winner of the Alaskan sweepstakes in 1913 are now here with their teams training for the dog classic. By January 31 it is expected that 30 teams will be here training for the dog derby which is the first ever to be held in California.

"The Sierra Dog Derby Association has been formed for the inauguration of snow dog team racing in California and the promotion of winter sports in the high Sierra" said President Manley Harris in discussing the event. "It adds another colorful attraction to California's repertoire of diversified sports and is expected to gain favor in the West. The snow mantled peaks of the Tahoe region form an ideal site for dog team racing."

The lowest round trip fares ever to be put into effect by the Southern Pacific to Truckee and Tahoe Tavern have been announced by the railroad for the spectacular event.

The race will be run in three consecutive days in laps of 30 miles. The course lies along the historic Truckee river.

GUM SPIRITS TURPENTINE IS SAID TO WARD OFF THE FLU

Men Working Around the Stills Said to Be Almost Immune From Attacks.

Have you had the flu? Do you expect to have the flu? Has your family fallen victim to the flu? Are you interested in how to escape the flu? If so, listen.

Spirits turpentine—pure gum spirits turpentine—is reported as a preventative, or at least as a moderator of the dread disase, shutting it off entirely or lessening its severity, and especially as lessening the tendency toward pneumonia that develops in some cases.

Observers of previous influenza epidemics report that the men working around turpentine stills were far less liable to attack than the general public, in fact rendered almost immune, it is stated, by the fumes of the turpentine.

Out of this has come the impression—backed up, it is stated, by positive evidence—that the fumes of turpentine, perhaps by their action on the nose and throat, are a source of safety against the flu germs.

Hanging a cloth saturated with spirits turpentine over one's bed at night is said to give relief if the flu has you, or helps to ward off the attack, or a bottle of spirits tuprentine left open in the room nearby the bed is said to have a similar influence.

Spirits turpentine is known to have decided virtues of many kinds. That it may come to the relief of suffering humanity during the prevalence of flu is something well worth considering and studying. In view of the evidence that is given as to the relative immunity from attack of those under the influence of turpentine at stills it would be well to consider its effects with a view of letting the world at large know of them.

JOHN W. O'NEILL; A. A. CHARONNAT; I. C. LINDLEY, S. T. ALLEN; NEVADA IRRIGATION DISTRICT, a corporation, AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFFS' OWNERSHIP OR ANY CLOUD UPON PLAINTIFFS' TITLE THERETO, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada.

W. E. WRIGHT, Attorney for Plaintiff, Nevada City, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: JOHN W. O'NEILL, A. A. CHARONNAT, I. C. LINDLEY, S. T. ALLEN, NEVADA IRRIGATION DISTRICT, a corporation; and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, Defedants.

You and each of you are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within Ten (10) days after the service upon you of this summons, if served within this County, or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said Plaintiffs will take judgment against you for any money or damage demanded in the Complaint as arising upon contract or they will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named Plaintiffs against the above named defendants, and each of them, to quiet Plaintiffs' title to the land and real property described in the Complaint on file in said action and hereinafter particularly described, and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of California, and that said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

All those certain lots, pieces or parcels of land situate, lying and being in the County of Nevada, State of California, and bounded and particularly described as follows, to-wit:

The North West quarter (NW ¼, the West half (W½) of the West half (W½) of North East quarter (NE¼); the North Half (N½) of South East quarter (SE ¼) and the South West Quarter (SW¼) of South East quarter (SE¼) of Section Eleven (11), Township sixteen (16) North, Range 9 East, Mt. D. B. & M.

The object of said action is to obtain the judgment of the Court against said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiffs to said real property or any and every part thereof be determined by the judgment and decree of said court, and that it be decreed that plaintiffs are the sole owners in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiffs on file herein and that plaintiffs are in possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the defendants have not, and that no one of said defendants, including the unknown persons made defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that said defendants, and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making or asserting any claim whatsoever in or to said real property, or any part thereof adverse to plaintiffs, and that the title of said plaintiffs in and to said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises, and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 14th day of January, A. D., 1929.

CURRENT OBSERVATIONS

MIDANCO

The time is approaching when new automobiles and dog licenses must be affixed to their animated holders. The state grants auto owners until January 31 to get 1929 auto licenses but we don't know whether the city still honors the 1928 canine licenses or whether it is now open season on dogs whether they are licensed dogs, just dogs of merely the dog family. At any rate we have instructed our dog to stay away from our sister city until we can get a 1929 license tacked on, as they are having quite a dog rodeo there in rounding up the unpaids.

******

President-unelect Smith apparently thinks he won one of those moral victories in the last election. We note that due to the great demand for copies of the egotistical speeches which helped lose him the popular vote that he is going to allow some publishing firm to print them in book form, the proceeds of the sale of which will be given to the Democratic general committee to pay the party's election expenses. That's making the losing candidate pay for his party's loss of prestige all right.

******

We know that president-elect Herbert Hoover must have made good as a miner. Now, we are wondering what kind of a wood-worker he will turn out to be. It is reported that he will have to form a cabinet for his use as President and we would like to see him wield the cabinet-maker's tools.

******

A boy at the dance last Saturday night, speaking to a friend, said, "Her niece is rather good looking". The friend, apparently not following the trend of the conversation closely said "Say knees are, not knees is".

******

We don't mind the driver of a modern motor truck or automobile cussing a bit if his machine balks a little. But we did used to get real mad when we heard some of the old-time teamsters perforate the air with curses attuned to the crack of their lashes. Perhaps the motor driven vehicles should have the credit for having convinced the loud-mouthed breed that the trouble was usually their fault and not caused by their dumb servants. And perhaps it may be just due to the fact that people are realizing that time is wasted in trying to lay a curse upon another because acts which could be attributed as an answer to a spiritual request are getting harder to find as people realize the futility of grasping the truth about our universe from orthodox teachings.

Charles Hegarty left Friday to attend to mining business in San Francisco.

Official business has called the following forest rangers here from different sections of the district.Snyder of Truckee, Meggers of Camptonville, MacIntosh of Big Bend, King of Goodyears, and Van Dewalker of North Bloomfield.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Jan. 26, (Specail to The Nugget)—Beautiful snow! That is what we have been treated to since our last writing. Sunday morning, French Corral looked out upon a scene of sublime purity., everything a glistening white, trees and shrubs bowed down, as if in adoration. Nearly four inches of snow whcih is something unusual for this part of the county. Days of sunshine have followed, but Jack Frost is lurking where the sun is not shining.

This continued cold spell takes us back to a Nugget query of some time ago, "What has become of the red flannel petticoat?" The old red flannel petticoat! That garment of many years, and many years ago. Time was when no feminine wardrobe, was complete without it. We robe, was complete wtihout it. We can yet find comfort in remembering the warmth of its ample folds. No less than three widths, and one or two deep tucks, (the tucks were to allow for shrinking, and for the younger set were to be "let down" as the wearer "grew up".) The addition of knitted or crochetted lace to the hem it was quite a "thing of beauty". But you never got a glimpse of it unless by accident, for in its day it was considered improper and somewhat shocking to display this garment in wearing. It possesses individuality too, for it was never lingerie nor "lawnzharay" nor any other folderol, but always plainly, "the red flannel petticoat" ,but it will never come back, tho' really it would seem more in keeping with good sense than the display of hosiery and then some, that we see now-a-days. The good old fashioned garment is now relegated to the rag carpet or braided mats, there lending a cheery brightness. So we may safely say "It was a thing of beauty, and joy forever".

SOME REAL NEWS!

It was reported in press dispatches that the Nevada County bar had endorsed the candidacy of L. L. Dennett of Modesto for the vacant judgeship created by the death of E. C. Hart.

The local members of the bar are pleading entire ignorance of any recommendation for the Modestan who has always been an arch foe of our placer mining.
